The five-star luxury Baron Resort and the five-star boutique-style superb Baron Palms Resort Sharm El Sheikh are perfectly located at the heart of Sinai Peninsula, majestically positioned facing the Straits of Tiran, opposite to the exotic Tiran Island and overlooking the National Marine Park with over 600m of private silky white sandy beach on the edge of the aqua oasis of Ras Nasrani (Christian's Head) in South Sinai. For years, this broad stretch of beach, bounded by flat hills, has enjoyed immense popularity. In general, the reef wall and its linked coral slopes worth repeated exploration. Baron Hotels & Resorts Sharm El Sheikh idyllic holiday location at the water edge will naturally make luxurious comfort and relaxation a reality.

Sinai, one of the few remaining places on earth almost untouched by modern civilization, Sinai, the Land of Turquoise, is a rocky triangle of Holy places, pilgrim trails and military outposts. Modern visitors follow in the footsteps of legendary Gods and Goddesses, ancient warriors and biblical heroes. Sinai remains a land of verdant oases, flat desert expanses and towering granite mountains, where the Goddess Isis came in search of Osiris, where Alexander the Great fought, where Moses received the Ten Commandments, and through which the Holy Family travelled en-route to Egypt.

Sharm El Sheikh, is an ultimate destination to enjoy a rare combination of the richest coral reefs, aquamarine water, crimson mountains, and added miles of serene, unspoiled desert. At the southern tip of Sinai, it is renowned worldwide for its water sports and diving magic. It is also popular for its fishing and climate and is noted for its sulphur springs which are considered a remedy for rheumatism and skin complaints.

Tiran Island, at the entrance of the Aqaba Gulf, the waters between Tiran Island and the private beach of the Baron Hotels & Resorts Sharm El Sheikh are the Straits of Tiran, the only entrance of shipping to Aqaba and Eilat Ports. Tiran itself is out of bounds, but the reefs around it are not, these include Gordon Reef to the north, Jackson Reef to the south and Woodhouse and Thomas Reefs in the middle, all of which are renowned and more frequented by divers than Ras Mohamed.
